

## Mint of the United States at Philadelphia,

## MELTING AND REFINING DEPARTMENT,

26<sup>th</sup> April, 1882.

Sir

Our Mason, George W. Brooke, often requires assistance in the frequent repair of furnaces, and it is an inconvenience to me to employ one of the helpers to aid him, as this latter force is rather attenuated and contracted for the large business we have had, and still execute. I therefore feel disposed to ask for a helper, who <sup>can</sup> assist both in melting and brick laying, if you deem proper to appoint one. I have one in view, who has been helping Brooke, and whose character my foreman vouches for after long observation.

very Respectfully,

Wm. A. Loudon Snowden Lat C Booth  
Superintendent M & R
